

ADVANCEMENT PLACEMENT (AP) CREDIT FOR OXNARD COLLEGE, CSU GE & IGETC

Oxnard College faculty have determined passing scores and, when appropriate, certification areas for General Education (GE) and course equivalency for Advanced Placement examinations as provided below:

- A score of 3 or higher (except if otherwise noted) is required to grant credit for GE and/or towards a major at Oxnard College.
- An acceptable AP score equates to 3 semester units, except where otherwise noted.
- Units granted for AP exams will not impact a student's GPA.
- Units granted for AP exams will not be subject to the unit limits for Credit for Prior Learning or Pass/No Pass grading which otherwise apply within the district.
- Units granted for AP exams are not counted in determining the 12 semester units in residence at the degree-granting institution required for an Associate degree.
- Oxnard College course equivalents listed on this AP chart are for Associate degree majors. Each CSU and UC campus determines which, if any, specific course equivalency will be granted toward major requirements of their bachelor's degree programs. Students planning to transfer should consult with a college counselor and review the AP policy of their intended transfer institution to determine if they will be granted credit after transfer for the Oxnard College course equivalent listed, if that course is required in their major. If their intended transfer institution will not grant the same course credit, the student should plan to take the course at Oxnard College instead.
- Students who have earned credit for an AP exam and take a comparable course listed on this AP chart, will **not** be granted credit for both.

Advanced Placement Exam (AP Exam)	Total Units Earned AA/AS (includes GE, Major & Electives)	Units Earned Toward OC General Education for AA/AS	OC General Education Area Placement for AA/AS	OC Course Equivalent for Use within Major for Associate Degrees

Note: AP exam may be used in either area (but not both) regardless of where the certifying CCC's discipline is located.

Advanced Placement Examinations for CSU GE-Breadth

Advanced Placement (AP) exams are designed to measure how well a student has mastered the content and skills of AP courses. The California State University (CSU) faculty has determined passing scores and, when appropriate, certification areas (for General Education Breadth and United States History, Constitution, and American Ideals) for CSU-approved standardized external examinations. Each campus in the CSU system determines how it will apply external examinations toward credit in the major.

AP exams with a score of 3, 4, or 5 can be applied toward CSU admission and CSU GE-Breadth certification as noted below. For students NOT certified in GE (General Education (<https://www.calstate.edu/apply/transfer/Pages/upper-division-transfer.aspx#genEdBasicReq>)) and/or American Institutions (<https://www.calstate.edu/apply/transfer/Pages/upper-division-transfer.aspx#amerInsReqTab>), the campus also determines how to apply credit from such exams toward the local degree requirement.

Credit Awarded Through Associate Degrees for Transfer

When within the Associate Degree for Transfer (AA-T/AS-T), a California Community College awards course equivalency credit for a CSU-approved standardized external examination - and the student's transcript is annotated to reflect the course for which credit was earned - the CSU campus shall accept the course units awarded.

Advanced Placement Exam (AP Exam)	Minimum Semester Units Earned for CSU Admission ¹	Semester Units toward CSU GE-Breadth Certification	CSU GE-Breadth and/or American Institutions Area ²

1

These units count toward eligibility for admission. The units may not all apply toward certification of the corresponding GE-Breadth area. See Executive Order 1036 (PolicyStat ID 13085511) and Executive Order 1100 (PolicyStat ID 8919100) for more details.

2

Areas of GE Breadth (A1 through E) are defined in EO 1100 (PolicyStat ID 8919100). Areas of American Institutions (US-1 through US-3) are set forth in Sections IA and IB of EO 1061 (PolicyStat ID 6591022), and at www.assist.org. Numerical subcategories for Area D were removed and no longer apply effective 4/11/2018 but are provided for historical reference.

3

Students seeking certification in GE Breadth prior to transfer must have passed the test before this date.

4

If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate.

5

Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply to either B1+B3 or B2+B3 of GE Breadth. Fall of 2009 or later, those credits may only apply to B1+B3.

6

If a student passes more than one AP exam in physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to a certification in GE Breadth.

Advanced Placement Examinations for UC Transfer and IGETC

Students who earn scores of 3 or higher on the College Board **Advanced Placement (AP)** examinations will receive credit toward graduation. The individual UC campus will determine how each AP exam will be awarded and applied in meeting major, elective, and/or graduation requirements. Refer to their catalog, website, and/or ASSIST (<https://www.assist.org/>) website for more information.

Rules for Using AP Scores Credit for Transfer and IGETC

1. An acceptable AP score for IGETC equates to either 3 semester or 4 quarter units for certification purposes.
2. Each AP exam may be applied to **ONE GE** area as satisfying **ONE** course requirement, with the exception of Language other than English (LOTE of IGETC). (See Section 10.6.3 of IGETC Standards for more information).
3. Students who have earned credit from an AP exam should not take a comparable college course because transfer credit will not be granted for both.

4. There is no equivalent AP exam for the Critical Thinking/Composition (IGETC 1B/CSU GE-Breadth A3) requirement.
5. AB subscore on Calculus BC exam: Students who take the Calculus BC examination and earn a subscore of 3 or higher on the Calculus AB portion will receive 4 quarter units for the Calculus AB examination, even if they do not receive a score of 3 or higher on the BC examination (note that the maximum credit awarded for both exams is 8 quarter units).
6. Music Theory subscore: UC will grant credit for the full Music Theory exam only. Students who earn only a subscore will not receive exam credit.

Advanced Placement Exam (AP Exam)	Total Units Earned toward UC Admission (qtr/sem)	Units Earned toward IGETC Certification (qtr/sem)	IGETC Area(s)

1
 AP exam may be used in either area of the IGETC (but not both) regardless of where the certifying CCC's discipline is located. A score of 3, 4, or 5 is required to grant credit for GE certification for UC and IGETC.

2
 AP exams in Biology, Chemistry, Physics 1, Physics 2 or Physics B allow CCC campuses to apply 4 semester or 5 quarter units to IGETC certification.

3
 AP exams in Environmental Science, Physics C: Mechanics and Physics C: Electricity/Magnetism allow CCC campuses to apply 3 semester or 4 quarter units are applied for IGETC certification. Note: Students who complete these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for Area 5. See Section 10.5 of the IGETC Standards for more details.
