

STUDENT ID NUMBERS

Student ID numbers (also called 900 numbers) are assigned as the student's primary identifier used by the College. The assigned ID number will appear on the student's MyVCCCD portal account once it has been logged into. It will also appear on notices from the College and on faculty attendance, drop, and grade rosters.

Social security numbers will still be collected for such purposes as statistical reporting, financial aid, and Hope Scholarship Tax Credit reporting.

Students are strongly encouraged to use only their Student ID numbers in all College related business as it provides them with additional security and confidentiality.
