GENERAL STUDIES PATTERN II/III - SOCIAL AND BEHAVIORAL SCIENCES 2024-2025, ASSOCIATE IN ARTS

About the Associate in Arts (AA) Degree in General Studies Pattern II

Pattern II is intended for students who are planning to transfer to a fouryear university in high-unit majors or when completion of the CSU GE-(http://catalog.vcccd.edu/moorpark/transfer-information/transfer-csu/ #csugebreadthcoursestext)Breadth or IGETC pattern is not appropriate or advisable. (See www.assist.org or a college counselor for guidance.) Independent or out-of-state universities may also fall in this category.

About the Associate in Arts (AA) Degree in General Studies Pattern III

Pattern III is intended for students who are planning to transfer to a California public four-year university (UC or CSU) and wish to use the CSU GE-Breadth (http://catalog.vcccd.edu/moorpark/transfer-information/transfer-csu/#csugebreadthcoursestext) or IGETC (http://catalog.vcccd.edu/moorpark/transfer-information/transfer-uc/#igetccoursestext) to fulfill their lower-division general education (GE) requirement.

Note:

A single course may be used to fulfill a general education requirement, a graduation or competency requirement, and a requirement in an area of emphasis, but the units may only count once toward the 60 units required for the Associate Degree and for transfer.

The Associate in Arts Degree in General Studies in Social and Behavioral Sciences emphasis offers a broad interdisciplinary curriculum designed for both general and area of emphasis students who are interested in pursuing an associate degree and transferring to a further study program at a baccalaureate institution. The curriculum encourages students to explore and discover the nature and common themes of the disciplines represented by an area of emphasis.

The courses that fulfill the Social and Behavioral Sciences area of emphasis will examine people as members of society. The courses are designed to develop students' awareness of the method of inquiry used by the social and behavioral sciences; to stimulate critical thinking about the ways people respond to their societies, and to promote appreciation of how societies and social subgroups operate. This emphasis enables the student to take courses that will satisfy lower-division major preparation requirements for areas within the fields of Anthropology, Economics, Ethnic Studies, Geography, History, Political Science, Psychology, and Sociology.
