

ADDICTIVE DISORDERS STUDIES, CERTIFICATE OF ACHIEVEMENT

This Addictive Disorders Studies Certificate of Achievement is a CAADE (California Association of Alcohol/Drug Educators) approved program that prepares students for several different careers in the Addiction Counseling field. Students in this program will develop the necessary knowledge, skills and attitudes required to be effective in the treatment of alcohol and drug abuse. Students will learn the responsibilities of a Certified Addictions Treatment Counselor (CATC) by doing intakes, screening and assessments, motivational interviewing, supportive and group counseling, crisis intervention, information and referral, and case write-ups and treatment planning.

Students completing this program will have the necessary education and skills to apply to for Certified Addictions Treatment Counselor (CATC) certification through the Addiction Counselor Certification Board of California (ACCBC). The ACCBC for CAADE is an autonomous authority that confers credentials, standards, and requirements for CAADE.

CAADE application forms and information can be found on their website at www.accbc.org/catc/ (<http://www.accbc.org/catc/>).

In addition, students who complete CAADE accredited programs may apply for certification through the California Association of DUI Treatment Programs (CADTP) at www.cadtp.org (<https://www.cadtp.org>) and the California Consortium of Addiction Programs and Professionals (CCAPP) at www.ccapp.us (<http://www.ccapp.us/>). These additional certifications will assist students in building their careers in the Addiction Counseling field.

Upon successful completion of this program, students will be able to:

- Master concepts central to alcohol and drug addiction, i.e., brain, heredity, gender.
- Apply critical thinking to addiction data and become acquainted with the relationship to drugs and alcohol usage and crime.
- Identify major factors that contribute to addiction.
- Learn how to deliver articulate presentations both written and oral.
- Demonstrate familiarity with the standards of professional ethics in the field of substance abuse prevention.
- Apply their knowledge of addiction prevention in both theoretical and practical settings, including in the workplace and in society in general.
- Improve information retrieval and organizational skills including the use of online resources, resulting in the ability to refer clients to the appropriate clinical resources.
