Pursuant to California Education Code, Section 76001, minors are permitted to take college courses under very specific circumstances. The intent is to provide minors who can benefit from advanced scholastic and vocational education with the opportunity to take college-level courses that are not available through their primary school or other alternatives.

The term "Dual Enrollment Student" refers to concurrently enrolled K-12 students who have been recommended by their school principal or designee and have parental or guardian permission to attend a community college during any session or term. Parental or guardian permission may not be required for dual enrollment students who are 18 years or older.

Those admitted as part-time dual enrollment are limited to a maximum of 11 units per semester or term.

Enrollment fees are waived for Dual Enrollment students enrolled in 11 units or less. All other fees apply.

Students may be subject to full tuition and fees if they withdraw from course(s) and enroll in additional units beyond 11 units.

Part-time dual enrollment students determined to be nonresidents may be admitted and classified as nonresidents but exempt from paying additional nonresident tuition per California Ed. Code, Section 76141. Please note the following conditions:

- The exemption only applies to dual enrollment students enrolled in 11 or fewer units per semester. The exemption does not apply to full-time dual enrollment students.
- This exemption does not apply to categories of students who would not qualify for AB 540 nonresident tuition exemption; i.e., a) students who reside outside of California and enroll via Distance Education and b) students on most non-immigrant visas.
- Students with T or U visas are eligible for this exemption;
- Students receiving this exemption do not receive resident status for the purposes of tuition or financial aid. Rather, they are exempt from nonresident tuition under this law.

To qualify and register for Dual Enrollment, all students must apply for admission. After the initial application, Dual Enrollment students must present the following documents each semester they register at the college:

- Completed Recommendation for Dual Enrollment and Memorandum of Understanding forms signed by their school principal or counselor or designee and a one-time parent or guardian consent (consent obtained by parent or guardian shall apply to all community college dual enrollment courses attempted by the student until parental or guardian consent is withdrawn in writing).
- In addition, students in 8th grade or below must meet with the Vice President of Academic Affairs, or their designee to determine if the student has the abilities and sufficient preparation to benefit from instruction at a community college, and that the student's safety and that of others will not be affected. The decision of the Vice President of Academic Affairs, or their designee shall be final. Once a decision has been made, the student, their parent or guardian, and the school principal shall be informed of the decision.

- Home-schooled students must present the completed Private School Affidavit. For more information, visit www.cde.ca.gov/sp/ps (<http://www.cde.ca.gov/sp/ps>).

All Dual Enrollment forms are available online at www.venturacollege.edu/DualEnrollment (<https://www.venturacollege.edu/departments/student-services/admissions-and-records/dual-enrollment-k-12>). Detailed information on clearing prerequisites is available online and in this catalog.

Students applying for Full-Time Special Admission status must contact the Admissions and Records Office. Petitions for Full-Time Special Admission will be considered only after the parent and student have exhausted all alternatives available through the secondary school district the student would be attending. The decision to admit a minor as a full-time special admission student may be subject to the availability of classes and approval from the Vice President of Academic Affairs. Full-time special admission students are required to complete at least 12 units in each primary term, and to maintain continuous enrollment until reaching the age of 18.

All courses taken through Dual Enrollment will be recorded in the student's permanent college transcript and carry full college credit. College courses offered through Dual Enrollment maintain the same level of academic rigor as all other college courses and must meet the accreditation standards. These courses are not modified for high school students and are held to the same learning outcomes, assessments, and instructional expectations as those offered to regularly enrolled college students.
