Program Purpose

The Ventura College Basic Needs Center is committed to providing an educational environment that fosters compassion and respect, welcomes diversity, and supports students in various circumstances (including students experiencing housing and food insecurities).

To accomplish this, the college has created support programs and resources that assist our students in meeting their basic needs and promoting their academic success. The Basic Needs Center assists students with locating sufficient housing, CalFresh applications, food insecurities, accessing public transportation, and connecting students with local and community services. In accordance with AB1995, the Basic Needs Center also provides shower facilities and other campus resources for Ventura College homeless students.

As part of the Basic Needs Center, there is also a VC Food Pantry available for students. The goal of the VC Food Pantry is for students to utilize the on campus food pantry to help reduce stress about food insecurities, in turn helping students to achieve academic success. We strive to build awareness about food insecurity and conquer negative stigmas about visiting a pantry. For more information about Basic Needs services, hours of operation, or general questions, please visit the Basic Needs Center (<https://www.venturacollege.edu/departments/student-services/basic-needs/>) website (<https://www.venturacollege.edu/departments/student-services/basic-needs/>), contact us by phone or email, or stop by the BCS Building or VCEC Pantry for in-person assistance.

Verification of Enrollment to Receive Post-9/11 Educational Assistance Benefits

Effective August 1, 2021, the Johnny Isakson and David P. Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020 (P.L. 116-315) Section 1010 creates a dual certification for the receipt of Post-9/11 GI Bill® benefits. The school will certify the student's enrollment after the add-drop date, and then each month thereafter, the student would be required to electronically verify with VA their continued enrollment in that school. If a student fails to certify for two consecutive months, VA will withhold monthly housing allowance payments until the student certifies.

Enrollment and Rate of Pay

Only courses meeting requirements for the major and degree objective indicated on the veterans' Educational Plan will be certified for payment. If the educational objective is changed, the student must complete a new Educational Plan. Veterans must request enrollment certification each semester they want to continue to receive benefits; it is not automatic for continuing students.

V.A. educational benefits are paid based on the number of certified units the student is enrolled in. Post-9/11 (CH. 33) students must take at least one in person course to be eligible for the maximum monthly housing payment. For more information visit our webpage (<https://www.venturacollege.edu/departments/student-services/veterans-resource-center/>).

Main Term (Fall/Spring Semester)

Requirement	Unit
full-time pay	12
three-quarter time pay	9
one-half time pay (6.5 units or more for Post-9/11, Ch. 33 benefits)	6

Nonstandard Enrollment Term (Summer Session)

- V.A. converts credit earned during nonstandard quarters or semesters to equivalent credit hours. V.A. makes the conversion, not schools.
- Ventura College highly recommends students call the V.A. for exact pay information.

Payment amounts are calculated based on eligibility, chapter of benefits and units certified as determined by the V.A.

The majority of V.A. Educational Assistance Programs do not pay a monthly allowance for less than half-time enrollment, although the veteran may be reimbursed for the cost of tuition and fees.

Under existing V.A. regulations, classes that are successfully completed may not be certified again for V.A. purposes if they are repeated. However, if a student fails a class, or if a program requires a higher grade than the one achieved in a particular class for successful completion, that class may be repeated and certified to V.A. again.

Unsatisfactory Progress

In addition to the academic probation and dismissal standards applicable to all students, the V.A. requires that standards of progress be adopted for certification of educational benefits.

For the purpose of certification for educational benefits, academic probation is defined as the failure to complete a minimum of 50% of the total units attempted, and/or to maintain a minimum 2.0 cumulative grade point average.

Unsatisfactory progress occurs when a veteran has been placed on academic probation for two consecutive semesters. Unsatisfactory progress must be reported to the V.A. and the veteran may not be certified for future educational benefits. Any veteran placed on unsatisfactory progress must consult academic counseling before educational benefits can be reinstated.
